

How to Enroll in STEAM Art Making with Miss A on Canvas

Please follow the following steps to enroll in UCF CREATE's online STEAM course. If you have more than one student participating in the course, please enroll each student separately. This is an important step so CREATE can accurately report the number of students we are servicing and helps to ensure continued funding for UCF CREATE and our many free programs. This course is public so please feel free to share this document or the enrollment link with your friends and family. All ages can participate and enroll!

The steps are circled in orange on the accompanying screenshots. If you have questions regarding submitting the required form, please post in the discussion titled "Youth Protection Program Form Questions" in the home page module.
