STUDENT ENGAGEMENT IN THE DEPARTMENT

The UCF Community Veterans History Project collects, preserves, and makes accessible to the public the experiences of Central Florida's veterans. Students interview veterans to preserve the history of military experience in the United States military while also exposing them to military life and gaining experience in collecting oral histories.

The Project has conducted nearly six hundred interviews to date. While a subset of those interviews are housed in the Library of Congress, all interviews are stored in the UCF Library Database.
