Students are welcomed to participate in and experience events with local community members and peers from UCF, Rollins College, FAMU Law School, National Farm Worker Ministry - Youth and Young Adult Network, area high schools and other educational institutions.

The Farmworker Association
of Florida, Inc.

The Farmworker Association of Florida validates and strengthens the experience and understanding of farmworkers, builds farmworkers' capacity to participate in decision-making processes that affect their lives, raises awareness, and advocates for farmworkers' rights.

FWAF's programs and activities build leadership and activist skills among low-income communities of color who are disproportionately affected by pesticide exposure/health problems, environmental contamination, racism, exploitation, and political under-representation.

UCF WOMEN'S
STUDIES

Standing for Justice, Knowledge, and Action

The UCF Women's Studies program, part of the College of Arts & Humanities at the University of Central Florida, seeks to provide the best education

related to women's and gender issues through programming on campus and to enhance diversity and support women and their endeavors. We strive to serve the Central Florida community by building partnerships that support this mission.

Our program has an interdisciplinary vision of using research and teaching to focus on the relations of gender among various races, abilities, ethnicities, sexualities, social class and other differences in our society.
