

Pabst Steinmetz Creative Futures Award at UCF Application Questions

The Pabst Steinmetz Creative Futures Awards at UCF recognize visionary, interdisciplinary collaborations from across colleges at UCF that are designed to meet community need/needs, identify potential impact and have high probability for sustainability/scalability.

Two awards of \$25,000 each will be granted to UCF research teams collaborating across disciplines and with a community partner to address a specific need in the community. Projects should integrate technology in a meaningful way, have a clear measurement tool for outcomes and impact, and demonstrate the potential for sustainability.

More information about the awards is at cah.ucf.edu/research/pabst-steinmetz-awards/

1. Title of Project
2. Name of Primary Applicant
3. Arts & Humanities Applicant Information (Name, College unit, Title, Email Address, Phone)
4. Non-CAH UCF Applicant Information (Name, UCF unit, Title, Email Address, Phone)
5. Community Organization Information (Name, Company/Department/division, Title, Email Address, Phone)
6. Additional teammates and affiliations (up to five)
7. Describe the initiative, project, program or activity. (500 word maximum)
8. Is this project new or existing? (Radio button)
 - If ongoing, please explain how this award will propel or expand additional research opportunities or other activities. (250 word maximum)
 - If new, how will this project proceed -- if at all -- if this funding is not received? (250 word maximum)
9. What are the intended outcomes of this initiative?
10. What community needs are being met by the outcomes? (250 word maximum)
11. How do you intend to continue improving and updating if your project ideas are successful? (250 word maximum)
12. Provide a basic project budget explaining how the funds will be used to support the project.
13. How does this proposal incorporate this year's theme into its framework? (500 word maximum)
14. Describe your evaluation framework, including planning elements (inputs/outputs, activities,) and intended effects (short-term, intermediate, long-term outcomes). (500 word maximum)
15. Please highlight all statements that your proposal meets.
 - The initiative is interdisciplinary and involves at least two UCF departments.
 - This proposal involves at least one community partner.
 - The proposal contains an evaluation framework (quantitative or qualitative.)
 - The proposal has the potential to be a sustainable and/or scalable model.
 - The initiative addresses this year's theme.
16. Supporting materials
 - Primary applicant's CV or resume
 - Co-applicant's CV or resume
 - Up to three examples of the applicants' work or other supporting materials.
 - Link to website, portfolio, or other information
17. By checking this box, you certify that your submission is accurate and agree to let the committee review the materials.
